* Area is based on the historic oyster bottom as charted in the Yates Oyster Survey from 1906 to 1912 plus its amendments.

** Area is based on the PEIS estimate of productive oyster bottom using a reduction factor applied to the 1974-1983 Bay Bottom Survey

*** MGO is the Marylanders Grow Oyster Program or similar program

**** This is based on the funds provided to the County Oyster Committee to plant seed and shell in 2016. The funding source includes Maryland Department of Transportation, DNR oyster surcharges purchased by licensed commercial watermen, and oyster bushel taxes.
